

Noblelift PS 16 DN — detailed overview — technical parameters

Rider stacker with initial lift and operator platform

Rider stacker with operator platform and initial lift. Higher lift from floor speeds up loading and improves operational efficiency in medium-sized warehouses.

Key features

- Initial lift

Easier pallet pick-up from floor level without extra manoeuvring

- Operator platform

More comfortable operation and faster travel between work locations

- Higher productivity

Faster cycles when loading and stacking pallets

- Reliable build

Robust design for intensive daily operation

Technical parameters

Parameter	Value
Capacity	1.6 t
Drive	Electric
Max. lift	up to 5,000 mm
Battery	24 V
Application	Indoor
Type	With platform and initial lift

Available models

- PS 16 DN
